For this report, only clubs with more than 10 games recorded for their club are presented.

Based on the sportsmanship results for the Spring 2018 games, the vast majority of the our club teams operated at a rate above the starting basic rate of a 3.0! At the club-level, all of the GVSA clubs are consistently above the 4.0 level. On average, across the league, our sportsmanship rates have remained consistent compared to the Fall 2017 season. However, within the club data, there were significant fluctuations (some strong gains by some clubs vs. significant reductions by others) from the fall data.
